Fred Hall - A Look Back Over the Years

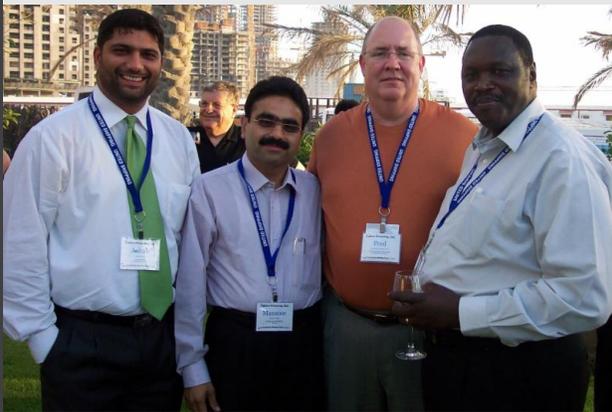

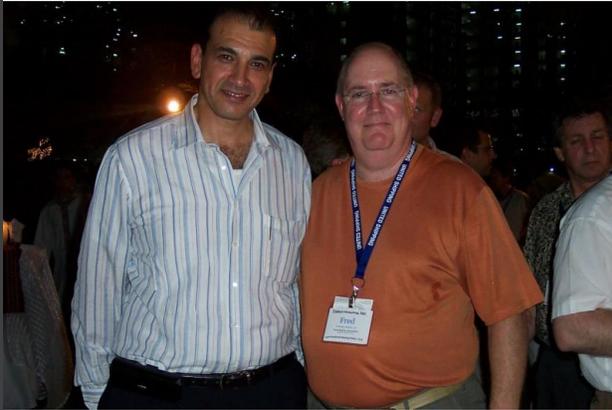

Fred Hall Retires from USI Board of Directors

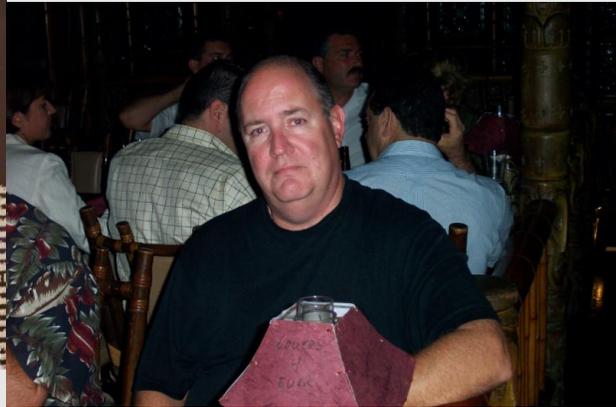

Fred Hall served on the United Shipping Board of Directors for 30-years. Can you imagine that kind of dedication? Throughout those three decades, Fred helped countless partners, mentored and guided members of this organization and made a path for all of us to follow. His efforts and attention to detail have made United Shipping stronger and he's played a huge part in making United Shipping what it is today. Earlier this year, Fred decided to retire from the Board of Directors. He has served countless terms and with every one, helped our organization grow bigger and better. It seems almost impossible to sum up 3 decades in one short paragraph. So, instead, let's take a moment and express our thanks to Fred. Thank you for your service to United Shipping. Thank you for always being there when help was needed. You are a true inspiration to everyone in this Network. From everyone in the United Shipping family - thank you for being you and always being there for all of us.

Meeting News

53rd Worldwide Meeting Location Announcement!

Our Chairman, Our Tradition

It has become a much anticipated tradition at our Worldwide Meetings to have our Chairman, Marino Ballo, close the meeting at the end of the Awards Banquet. We always know the night will end with a joke and a smile. We can't wait to see what he has in store for us next year in Cancun!! Thank you, Marino for ending the meeting in a fun way!

Please Welcome the Newest Board of Director Brent Hall

Brent Hall is the Vice President of Fred Hall & Associates, Inc in Dallas/Fort Worth, Texas. He started his career in international logistics in 1996 and has previously worked for two multinational firms for a collective 8 years, before returning to the family owned business in 2006. He oversees the daily operations of the business, as well as works with overseas partners in securing and moving new and existing business. Brent has also served on the Board of Directors for the North Texas Customs Brokers & Freight Forwarders Association. He is married and has a set of twins; born in 2014, a boy and a girl.

Please check your USI partner page to see if your PRBD has changed.

The Vienna Photo Gallery is OPEN!

We are happy to announce that all the photos from the 52nd Worldwide Meeting in Vienna have been published on the USI website! Please log in and go to the photo gallery (password: shipping).

Send Us Your News!

Please send the Corporate Office any updates on your company, new employees, current or completed projects, awards or recognitions and/or anything you want to share with our USI family! Photos, videos, or presentations are always a plus! Please send all submissions to [us](#) today!

REMINDER

Traffic Restrictions/Changes/Cancellation of Logistic Services are Expected During G20 Summit in OSAKA (KIX), KOBE (UKB), and JAPAN

TAIUN COMPANY LTD.

The city of OSAKA is going to hold a "G20 Summit" on June 28-29, 2019. World leaders will gather for

this event. Please see the following URL for the G20 summit: <https://www.japan.go.jp/g20japan/>

Traffic restrictions and increased security measures will affect forwarding and warehousing services in Osaka seaport (OSA), Kobe seaport (UKB) and Kansai airport (KIX) before and during this event.

< Osaka seaport (JPOSA) >

Many forwarding and warehouse companies in OSAKA seaport area will be temporarily closed or their operation hours will change. CFS cut date is going to be much earlier than the normal cut date. Lots of cargoes will also flow into OSAKA seaport before the G20 Summit so there will be severe traffic jams. Delays of delivery will be expected. **Please plan delivery of your cargoes in Osaka seaport well in advance.**

< Kobe seaport (JPUKB) >

Many cargoes are expected to be transferred to or diverted to KOBE seaport to avoid congestion in OSAKA so KOBE seaport is going to be congested as well. Delivery of cargo to KOBE seaport area are expected to be delayed during this time.

< Kansai/Osaka airport (KIX) >

Increased Airport security and traffic restrictions are going to be imposed in KANSAI/OSAKA airports before and during the G20 Summit. Increasing numbers of trucking companies decide to cancel delivery services in and out of KIX airport during this period.

Please contact our sales people for more details about how your shipments or cargoes are affected by this.

USI Partnership: Colin Needs Your Help

Dear Partners,

On July 21, 2019, I'll be taking on the ASICS London 10K as part of Team Xpediator.

We're running the race to raise funds and awareness for Transaid, our partner charity who help transform lives in sub-Saharan Africa. Funds raised from the challenge will go directly to Transaid in order to ensure that they can provide safe and sustainable transport solutions in rural communities.

Strengthening rural emergency transport systems is essential in the case of severe illnesses, such as malaria, as it is vital that treatment begins within the first 24 hours of symptom onset. Children diagnosed with malaria are transported by bicycle ambulance (provided by Transaid), a safe and effective mode of transport helping to ensure that they receive treatment in time.

Please dig deep and help us smash our fundraising target! Please click on the link to donate on my Just Giving page: www.justgiving.com/fundraising/colin-dowling-london-10k

To learn more about Transaid, please visit their website: <http://www.transaid.org/>

Thank you,

Colin Dowling

Happy Work Anniversary

Hien Tran from Superstar Global Logistics is celebrating her 17th year with SGL this month!

&

Korcan Tugrul from Solmaz is celebrating his 7th year this month!

Congratulations from everyone in our United Shipping Network!

Solmaz Photo Ops!

Freight • Customs • Logistics

At the recent Transport Logistics Fair in Munich, Korcan Tugrul from Solmaz ran into a few familiar faces. When you see another USI member, you have to take a pic or it didn't happen..

Partner Spotlight

XPand Logistics Ltd.
United Kingdom

Established in 2000, XPand Logistics Ltd is now seen as one of the few UK forwarders specializing in providing true customer service for it's clients. With over 75 years' experience with major forwarders and airlines, the need for personal service in an industry that has undergone major changes and mergers, was recognized by XPand Logistics Ltd.

We like to think we are different from the large logistics provider, in that we

are committed to servicing our customers by choosing the best transport & warehousing solutions that exist in the open market place. Flexibility in the choice of routings, systems and price are key. We are not tied to corporate strategies or global buying policies.

Along with the core products of freight forwarding, our specialist services are where XPand are different from the rest. These include:

- Furniture & Fine Art Division
- Exhibitions
- Furniture Installation: Offices, Restaurants, Hotels, Private Members Clubs
- Dangerous Goods
- Car Shipping

Take a look at our Instagram page to find out more: www.instagram.com/xpandlogistics/

2018 was a very busy year for XPand! We opened two additional warehouses in Essex, adding to the two we already have and allowing us to offer customers over 100,000 sq ft of warehouse space, moved to a new 10,000 sq ft office / warehouse next to Manchester airport and took on a brand new 12,500 sq ft facility near LHR airport dedicated to our Furniture & Fine Art Division.

With all that happening we also re-branded the business and would love you to visit our website to find out more: www.xpandlogistics.co.uk
