## NETWORK NEWS

*A GLOBAL INFORMATION SOURCE FOR FORWARD THINKERS*

### Meeting News

#### Transportation Options

When finalizing your trip, a big concern by some is transportation in a foreign country. We have a few options for you.

#### Pre-Arranged Private Transport

Our hotel has a transportation option. The cost for roundtrip service is \$30.00 per person. To set this up, you can email Lacey at the Corporate Office. Please make sure **ALL** the information below is sent at one time. Due to the high number of emails we will receive, if you do not have all of the information below, please wait until you do. The information needed is:

Complete names of all passengers / number of people

Arrival date

Departure date

Airline

Arrival flight number and time into Cancun

Departure flight number and time from Cancun

We will send you an email confirmation letter detailing where you will need to go to find your shuttle at the airport. This option will be charged to your room.

Suburban (Price per unit)

5 guests | 5 (large) + Carry on luggage  
Extras available

VAN (Price per unit)

4 guests | 4 (large) + Carry on luggage  
Extras available

The second option is provided by Mexico Planners. They have set-up a link for United Shipping's partners to book their transportation to/from the hotel before your trip. Something to note with this particular option is that payment is made through Paypal. If you have certain accounts or cards linked to your Paypal then you can use those through the

Paypal app. This option could be slightly more expensive or slightly cheaper, depending on how many people are in your party. The cost for roundtrip

service is \$110. This price includes up to 4 people. After 4 people, the price and vehicle change. This option is also done directly - not through the Corporate Office. If the hotel shuttle service is full for your particular trip, this is a good option. They provide one way or round trip options. Here is the [link](#) for them. This photo is of their two options.

### Uber Vs. Taxi & What You Need to Know

Cancun does have Uber. It also has taxi services. However, there are a few in's & out's to be aware of before you go. A very helpful and interesting article can be found [here](#). This travel blogger breaks down simple info on the difference between the two and how much it will cost you.

### Tequila Tasting & Awards Banquet Dinner

Registration has ended and the Corporate Office is working daily to get everything ready for Cancun. We are very excited! It's been too long and being able to see our friends again will be great.

If you registered for the meeting, then you should have received two emails from us this week. The first email was letting you know that there will be a Tequila Tasting on Tuesday, May 10. If you did not get that email and want to attend, please contact either Michael or Lacey so we can get it sent to you. You must sign up before April 18. This is by reservation only.

The other email was asking for your main course selection at the Awards Banquet Dinner. Again, if you signed up for the meeting and did not receive this - please let us know. We need this information no later than April 18 as well. If we do not receive a selection from you, one will be made for you.

## Hormino Maia Celebrates 100 Years in the Brazilian Market!

Hormino Maia is proud to share with our partners around the world that we are celebrating 100th year in the Brazilian market!

As everybody knows, our company opened in 1922, and that time was not easy to survive due to all economic & social factors. Despite all of the hardships, Hormino Maia survived and has been fighting against all difficulties, even today.

Our main principal, CEO and Director, Mr. Ivon Bulgarelli, says that his 50 years at Hormino Maia's company is a testament to the dedication of its employees and the willingness of the company to reinvent itself over the years. The company was founded in 1922 and its first main customer was an important photography company. This was our first step. That was our time to develop an international business.

"Our focus is the customer's satisfaction and good logistic service. This is what moves our company."

Mr. Ivon Bulgarelli is now the fourth generation of the Hormino Maia family to lead the business. He became CEO and Director after succeeding all steps from office boy, collecting internal documents and then working at airport and port. The company prides itself on customer service and providing a safe and healthy working environment for its employees. Hormino Maia specializes in global supply chain management, door to door transportation, and Foreign Trade Zone inventory control for the Duty Free and travel retail industry. Hormino Maia also provides logistics for electronics components, medical, machinery and other commodities and partnership with all Brazilian territories.

“I am so grateful to our employees and customers who will propel us well past our 100th anniversary!” says Mr. Ivon Bulgarelli.
