## CNT Completes Yearly Systems Review

CNT Worldwide Transport, Inc. held its Annual Systems Review last January 18, 2020. The whole management and all staff attended the yearly activity to discuss and review what had been successfully achieved and looked at further improvements to be done. The Systems Review was held with a teambuilding activity to show how cohesive the whole team, how each function contributes to the success of the organization. Included as well was a refresher on Customs-Trade Partnership Against Terrorism (C-TPAT), to ensure that staff were reminded on security measures when effecting shipments.

Overall, the team was already looking forward to our next Systems Review.
