Drawing Winners!

At every United Shipping Worldwide Meeting we hold a drawing for 4 prizes to help with the next meeting's travel and airfare. During our Cancun meeting, at Thursday's General Session, attendees placed their business cards in a basin and the winners were drawn.

We will have another drawing next year! Make sure you are there with your business card ready for your chance to win!

USI Honor Award

There is so much that goes into making our Worldwide Meetings a success. A HUGE part of that is the close relationship we have with our host partners. Our host partners help in tremendous ways. This year, Intercom Division Transporte and SAT Internacional S.A. de C.V were pivotal in our success. Adriana Osuna & Octavio Herrera and their amazing team worked tirelessly assisting us with this meeting. We cannot thank you enough for all your dedication and hard work.

Thank You to Our Chairman

It has become an anticipated tradition at our Worldwide Meetings to have our Chairman, Marino Ballo, speak at our Awards Banquet. We always know the night will end with a joke and a smile. We can't wait to see what he has in store for us next year! Thank you, Marino for ending the meeting in a fun way!

Helpful Tips to Keep Your Finances Secure

5 Tips for Keeping Your Finances Secure

1. Never Accept Changes to Your Account Via Email

Emails are compromised when banking details are changed or fraudulent instructions are sent to you via what appears to be a genuine email. Never accept changes to banking details or payment instructions from suppliers or business partners via email. Always reconfirm the information via previously known phone numbers or in person.

2. Beware of Spoof Emails Impersonating Management

Criminals will often impersonate senior management by sending emails appearing to come from within your network. You must cautiously treat any unexpected financial requests by email from your senior management. Verify payment instructions directly with the sender of the email using a known contact number from your internal records.

3. Always Verify Web Addresses

Due to the risk of accessing scam mirror websites, always enter the web addresses of financial services providers straight into your browser's address bar. Do not use links from emails or websites that you do not trust or you have not verified.

4. Install Anti-Virus Software on Your Devices

Install and maintain endpoint protection such as anti-virus software on all your devices or ensure your IT Support provider does so. If you suspect your device is compromised in any way, do not use it to conduct your financial transaction until it is cleared to do so.

5. Immediately Call the Party About Unexpected Changes to Contact Details

Contact the party in question immediately via telephone if you receive an unexpected notification about changes to the mobile phone number or email address or bank information that is listed on your/their account.

Friday Laughs

JUST REMEMBER:

"EHH, IT'S FRIDAY.." IS A VALID
EXCUSE FOR ALMOST
ANYTHING TODAY.

That moment when you wake up and realize it's Friday

When you're about to leave work and the boss says "Before you go.."

When I gotta go to work again even though I just went yesterday

I have so much to do...

Oh, Look! Facebook!
