53rd Worldwide Meeting Canceled for 2020

United Shipping®
Local People. Worldwide Trust.®

Dear Partners,

Like yourselves, United Shipping has been monitoring the acceleration of the geographical spread of COVID-19 and the significant restrictions on international travel and the concerns regarding group gatherings and activities. Just a day ago the World Health Organization declared this Corona-virus pandemic.

Many of you expressed sincere concern with regards to travelling to Mexico to attend the United Shipping conference since many companies and governments are hesitant to allow travel, in concert with the possibility of winding up quarantined anywhere along the way...not to mention the risk/likelihood of exposure to the virus itself.

The health, security, and safety of our United Shipping family is always the deciding factor in what we do. After much consideration and consultation, we have taken the decision to cancel the United Shipping 2020 Worldwide Conference (Cancun) in its entirety.

Our next Worldwide meeting will be held at the same venue in Cancun from May 17, 2021 through May 21, 2021.

Thank you all for your ongoing support, patience, and understanding in this matter. My personal thanks to Greg and Lacey for their continued efforts on our behalf during this delicate situation.

Sincerely yours,
Bill Hromada, C.E.O.
United Shipping Inc.

United Shipping Board of Directors Election

There are two (2) seats that are up for election in 2020.

The deadline for placing your name on the ballot is Friday, April 17, 2020

The United Shipping boards of directors currently consist of 7 members and the following 1 member has decided to be considered for re-election:

- Bill Hromada (up for re-election)

Here is more information to all of you about the function of the board of directors and what will be expected of you in the event you are elected.

The role of a Board Director entails the following:

1. Attending the annual shareholder meeting held in conjunction with the annual worldwide meeting. However, if a Board member is not a shareholder they do not attend the shareholders meeting.
2. Attending all board of directors' meetings, usually twice a year.
3. Being available for board of directors' conference phone calls.
4. Serving as a Personal Representative for the Board of Directors ("PRBD") maintaining contact with approximately 10 to 15 members of United Shipping.
5. Reviewing and responding to all emails relating to new members, MLGP claims and other board business.
6. Reviewing and approving budgets and financial statements for United Shipping.
7. Understanding that as a director of United Shipping, your role is to act in the best interests of United Shipping and not of any individual member.

The position of director is held for a three year term and will usually require several hours of your time each month in addition to attending the meetings I have listed above. Also, please be advised that if board meetings must be held in between worldwide meetings, some of your expenses will be paid by United Shipping.

All of us involved with United Shipping encourage new and fresh ideas and for that reason we encourage you to submit your name for election to the board of directors along with your bio to gregt@unitedshipping.com.

Important Partner Update - Please Read

Effective immediately, we have four partners that have chosen to not to renew their memberships with United Shipping. Please be advised that if you choose to continue working with these partners, there will be no MLGP coverage.

CNT Update on Metro Manila Lockdown

We have coordinated and verified with corresponding government agencies (i.e DILG, Bureau Of Customs, Local

government) the lockdown guidelines and requirements for our staff, processors, trucks, vans movement and workflow. We are able to confirm:

1. CNT is fully operational
2. We have confirmed with our customs contact all ports i.e Manila, Batangas Etc and Peza i.e Laguna have customs office
3. Our staff and customs processors can go to Manila and outports and Peza
4. Cargo trucks can deliver to peza and outside Metro Manila

Provided we follow below guidelines

1. All Staff, processors, drivers, crew have company I/D with our address with them
2. Our trucks and vans have: O/R C/R Manila registration & delivery receipt

We also have issued guidelines to all staff, processors, drivers, crew to call CNT head office in case of any problems.

Announcement from New Transport s.r.l.

Fiumicino 13rd March 2020

COVID19: UPATING PROCEDURES

Dear Customer,
we inform you that New Transport srl confirms its national and international import and export operations.

The Government, through an explanatory note of the Prime Minister's Decree issued on 11 March 2020, clarified that "the introduced limitations, not prohibit the free movement of goods".

Our Company is taking all necessary measures to deal with the emergency, to protect our customers, our staff and anyone who interacts with our network.

Although some Airline Companies do not tender the usual scheduled from and to Italy, we constantly monitor valuable alternatives in order to satisfy our customers and to guarantee the best services as usual.

There, the situation is constantly evolving and the measures will be gradually modified and adapted to the needs.

Even in a time of difficulty, we continue to strive to guarantee our customers the best quality of service.

Update from New Transport Milan

Dear friends,

Only few words to tell you how we're feeling and dealing with the health emergency in our office. In these days our routine has been disrupted by the threatening Covid-19, a new virus that caused the health emergency.

It became clear soon that the Corona virus wasn't the only enemy for us, but also the fear. A fear that explode when we feel ourselves crushed by the circumstances and powerless against them.

In these past two weeks, despite of the very difficult situation, we did our best to be professional and strong in facing this issue. Moreover, although sometimes it's hard to stay focused and calm, we're facing this reality standing together and supporting each other everyday with comforting sights and words,

funny jokes (a good mood is a very useful medicine!) and working together, because for us it has been immediately clear that being united is the only way to overcome the fear and re-start our lives easily.

In this terrible circumstance everyone of us is committed to the common good and everyone of us will discover himself deeply.

From today we will be at our office with a reduced staff: three of us will work at the office, while the others will work at home (smart working). If the Government and the health emergency require more strict restriction, we will probably be obliged to stay at home.

"Last, but not the least," we want to thank all those who have spoken words of comfort and support for us in this difficult moment. A big hug from all of us at New Transport Milan.

Best Regards
New Transport Milan srl

The Coronavirus & Destiny *by Tino Volpe*

Waking up this morning many thoughts came to my mind, probably because I received many calls from my staff and friends asking what will happen to us. Suddenly I was thinking to the meaning of some words like 'SOS' (Save our souls). I think that it comes from the fact that practically in all the religions of the world should we be Catholics, or Muslims, or Buddhists or Shintoists or other it is said that we will have another better life after we die, so we die thinking that after the suffering of the present life, we will all live better. It also came to my mind that when there is a sudden danger the pilot of an airplane takes the microphone and say: "my day .. my day " and by reflection I think that he is meaning that there is practically no chance that he can save our lives. You see when we are born, our destiny is already decided. By who? Being a religious person, I believe that over us there is a God (in all the religions) who has our destiny in his hands. So it is absolutely useless that we fear about this virus, or that we hide at Samarcand like that pilgrim who went there to escape to 'the Death'. Our life is like a roulette. If your number comes out, you must go and there is no SOS or MY DAY which can save your life. That is why you should not be fatalist must simply optimistic, simply thinking that if you are reading these lines, you are still alive and your turn has not yet come. I have always been optimistic in everything I have done. An Italian motto says: "Happy Heart: the sky helps him." (Again the image that up there is the sky somebody protects us)

Walking out to buy the newspaper, at the traffic light I saw the tramway 19 passing by, with a lot of noise on the desert main street. Looking inside the tram I saw that it was not empty as yesterday but there was one passenger with a white mask on his mouth and nose. Suddenly I thought: "Hey there is life on Earth." Let's stay optimistic my friends . We will see all again next spring 2021 in Cancun!

Tino

In view of Movement Control Order imposed by the Malaysian Government in order to ensure the safety of the population and to put a stop to the Covid-19 outbreak we would like to inform you that Alfro Freight Forwarders is open and fully operational.

The Malaysian Government has decided to implement the Movement Control Order, from 18th March 2020 to 31st March 2020.

This control order is made under the Prevention and Control of Infectious Diseases Act 1988 and the Police Act 1967. This Movement Control Order includes:

1. The general prohibition of mass movements and gatherings across the country including religious, sports, social and cultural activities. To enforce this prohibition, all houses of worship and business premises should be closed, except for supermarkets, public markets, grocery stores and convenience stores selling everyday necessities. Specifically for Muslims, the adjournment of all religious activities in mosques and mosques including Friday prayers is in line with the decision of the Special Mental Health Committee meeting on March 15, 2020.
2. The sanctions cover all Malaysians traveling abroad. For those who have just returned from overseas, they are required to undergo a health check and to do a quarantine (or self quarantine) for 14 days.
3. Restrictions on the entry of all tourists and foreign visitors into the country.
4. Closure of all kindergartens, government and private schools including daily schools, boarding schools, international schools, tahfiz centres and other primary, secondary and pre-university institutions.
5. The closure of all public and private higher education institutions (IPTs) and skills training institutes nationwide.
6. The closure of all government and private premises except those involved in essential services (water, electricity, energy, telecommunications, postal, transportation, irrigation, oil, gas, fuel, lubricants, broadcasting, finance, banking, health, pharmacy, fire, prison, port, airport, safety, defense, cleaning, retail and food supply).

Thanks & Best Regards,
Y. F. Kong

Operational Highlight of 2019:

CNT Worldwide Transport, Inc. held its Annual Systems Review last January 18, 2020. The whole management and all staff attended the yearly activity to discuss and review what had been successfully achieved and looked at further improvements to be done.

The Systems Review was held with a teambuilding activity to show how cohesive the whole team, how each function contributes to the success of the organization.

Included as well was a refresher on Customs-Trade Partnership Against Terrorism (C-TPAT), to ensure that staff were reminded on security measures when effecting shipments.

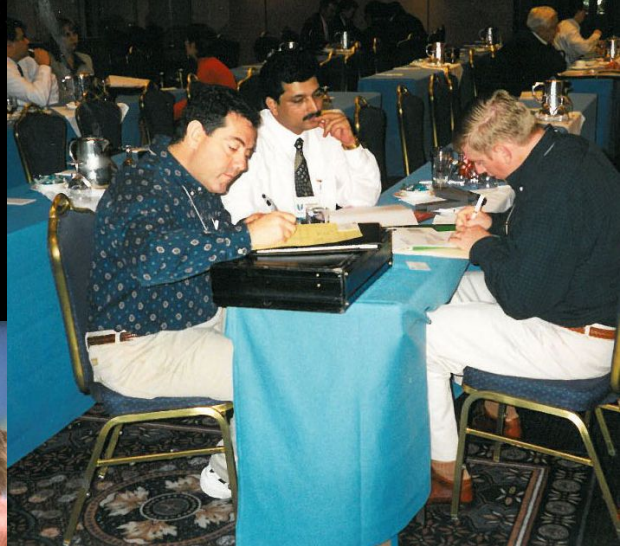

Overall, the team was already looking forward to our next Systems Review.
